Please find below and/or attached an Office communication concerning this application or proceeding.

Art Unit: 1632

The amendment filed 12-23-02 is non-responsive because the newly amended claims are all directed to the non-elected species of a variable flux of electrical energy. As such, all outstanding issues under previous examinations were not directed to the non-elected species as now recited in the presently pending claims. Since applicant has received an action on the merits for the originally presented invention directed to the elected species of pulsed electrical energy, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, the claims are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Therefore, the latest amendment canceling all claims drawn to the elected species and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
